Registration Timing:
08:30 am to 09:30 am
on 18th August, 2018

Seminar Timing:
09:30 am to 06:00 pm
on 18th August, 2018

The Indian Institute of Welding (IIW-India) is a representative body of professional welding engineers in India and a member society of IIW. It has twelve branches located in different parts of the country. The Institute has been involved in dissemination and sharing of knowledge, building a stronger base with higher corporate and individual participation through increased membership and also assisting in numerous skill development programmes. The Institute has been accredited as an Authorized National Body (ANB) of "International Institute of Welding". IIW-India is an Authorised National Body for Company Certification (ANBCC) in India under IIW's Manufacturers Certification scheme. This will allow ANBCC India to conduct certification audit of companies for conformance to ISO 3834.

The Institute conducts its own welder certification under National Welder Training & Certification Scheme (NWTCS), which has been prepared to meet the demand by industry for welders, trained and certified to a level of competency commensurate with the requirements of any of the welder qualification and certification specifications or codes i.e. IS:7310 / IS:817, ISO:9606-1, BSEN:287 and ASME Sec IX/AWS D1.1.

IIW-India has also been empanelled by Government of India, DGE&T (Directorate General of Employment and Training) as an Assessing Body for all Fabrication sector courses under their MES-SDI (Modular Employment Skills – Skill Development Initiative Scheme).

ABOUT THE SEMINAR

Welding is now the universally accepted method of permanently joining all metals. In some respects, it might be considered a mature industry but it is still a growing industry. Some of the key challenges lying ahead for the welding industry are:

-  Productivity issues and decreasing profit margins due to increasing costs and expenses;
-  Technological issues towards the increasing trends in use of higher-strength & lighter-weight materials
-  Quality issues requiring higher levels of reliability;
-  Accelerating trend towards automatic welding and automation.

The seminar will cover invited lectures by some of the bests in the Industry and Academia, and papers will be presented by experts, researchers, industrialists, entrepreneurs and welding professionals.

TOPICS TO BE COVERED

-  Advanced Welding / Cutting Processes, Procedures, Equipments and Consumables
-  Welding of pipe-lines, pressure vessels, Automotive components and Prefab structures etc.
-  Productivity, Quality, Inspection and Testing in Welding / Cutting
-  Codes; Standards & Certifications (ISO:3834) in Welding
-  Sensing, Control and Automation in Welding
-  Weldability aspects and Safety in Welding

 Repair, Reclamation and Maintenance in Welding

 Welder Training & Certification

 Skill Development Initiative Schemes

It is expected that about 250 delegates from various fields shall be attending the seminar. The meet will be a showcase for welding industry. It shall be a great opportunity to learn about developments and continual research in this field

Calls for Papers

Welding professionals in industries, Research and Development and in academic field are invited to present their papers towards work carried out by them on the above-mentioned topics. Case studies involving innovative work will also be accepted. The abstract of the paper may be sent by 15th July, 2018 through e-mail, along with a biodata of the authors to: som.ashutosh@iiwindia.com.

DELEGATE FEES

Category			Note
Students (Member)	Students (Non Member)	IIW Members	Non Members
₹ 1200/-	₹ 1500/-	₹ 3000/-	₹ 3500/-

* Please add GST 18% extra before making the payments

SOUVENIR

A Souvenir will be published in the printed form to mark the occasion. Souvenir will contain technical papers, other relevant information about seminar, city, organizers and advertisements. It will be an excellent reference material. Rates for advertisements are as follows

Category						
Front Foldout (Color)	Back Cover (Color)	Center Spread (Color)	Inside Front (Color)	Inside Back (Color)	Full Page (Color)	Full Page (B/W)
₹50,000/-	₹35,000/-	₹30,000/-	₹30,000/-	₹30,000/-	₹12,000/-	₹8,000/-

* Please add GST 5% extra before making the payments

SPONSORSHIP

The organizers request kind patronage from various related Industries for the successful conduct of the seminar, through sponsorships under following categories, which will be duly acknowledged

Platinum Sponsor: Rs. 1,00,000/-

Gold Sponsor: Rs. 60,000/-

Silver Sponsor: Rs. 40,000/-

A banner will be displayed for the Platinum, Gold and Silver sponsors. Platinum, Gold and Silver sponsor will be entitled to send five, three and two delegates respectively.

Companies can also display advertisement banners on self supporting stands, inside the seminar hall of maximum size 3' x 8' : Rs. 10,000/-

Companies can also put insertions (information brochures, pamphlets, product catalogues etc.) inside the bags to be given to all the delegates: Rs. 10,000/-

Sponsorships are also invited for bags, folders, writing pens, pads, etc. Please contact the convenor for details.

* Please add GST 18% extra (under RCM) before making the payments

PAYMENT DETAILS

Cheque / Demand Draft, drawn in favour of "The Indian Institute of Welding, Delhi Branch" payable at Delhi may be sent to:

Rajeev Khanna (Treasurer), GC-10, Shivaji Enclave, New Delhi - 27

Online transfer to the following account: [THE INDIAN INSTITUTE OF WELDING](#) A/C No. [702377287](#)

Bank Name: [Indian Bank, West Patel Nagar, New Delhi - 110008](#); IFSC CODE: [IDIB000W006](#)

Note: Please add GST before making the payments. GSTIN No.: 07AAATT59261ZH
