VISION

Be the major driving force in building up and adding values for a “National Welding Capability” as the premier professional institute in India.

MISSION

Attract more and more individuals to choose welding as a career, as we consider it as a noble profession that contributes enormously to nation building.

QUALITY POLICY

The Indian Institute of Welding (IIW-India) shall strive to advance toward its stated Vision and Mission by establishing and continually improving the overall quality of its services. The institute is committed to serve the welding fraternity through its presence and active support in the field of welding science and technology; and is also committed to establish an effective mechanism to diffuse the knowledge of welding science and technology to every possible stakeholder from unskilled to highly skilled resources with a motto “Welding for Nation Building”.

The primary objectives of the institute are:

- To assist human resource development through national and international diplomas and certification.
- Research and development in the field of welding science and technology.
- To establish and promote international standard of quality for the Indian fabrication industry, so that the global competitiveness can be achieved.
- Skill development programme for every level of welding professionals.
- To support educational institutes and industries with respect to welding.
- To establish a good relationship with industry to support issues related to welding.
- To improve the image of welding and its practitioners in the society by bringing awareness about its importance and contribution to the national economy.
