6TH INTERNATIONAL CONGRESS (IC-2024)
January 22-24, 2024

ADVANCEMENT THROUGH SUSTAINABLE AND GREEN WELDING

In Technical Collaboration with

Supported by

In Concurrence with

YPIC
Young Professionals’ International Conference

WELDEXPO
Exhibition for Welding, Cutting & Joining
January 19-23, 2024
(A specific pavilion under IMTEX Forming 2024 by IMTMA)

Bangalore International Exhibition Centre (BIEC)
10th Mile, Tumkur Road, Bengaluru – 562123, India
ABOUT INTERNATIONAL INSTITUTE OF WELDING
The International Institute of Welding (IIW) was founded in 1948 by the welding institutes or societies of 13 countries that considered it crucial to make more rapid scientific and technical progress possible on a global basis. The IIW membership today comprises welding associations from 51 countries worldwide, with ever more nations continually indicating interest.

MISSION OF IIW
To advance welding and joining through a worldwide network.

VISION OF IIW
The leading global community linking industry, research and education to the advancement of welding and joining for a safer & sustainable world.

ABOUT THE INDIAN INSTITUTE OF WELDING
The Indian Institute of Welding (IIW-India) is a national level professional body of welding fraternity devoted to the promotion and advancement of welding science & technology. It was established on 22nd April 1966 with its registered office at Kolkata. It has 13 branches, 2 Centres and several Students’ Chapters all over India. It has more than 4500 members including around 150 industries as Industrial Corporate Members. IIW-India publishes 'Indian Welding Journal' which has technical research papers of high standards. The Institute is a member society of the International Institute of Welding (IIW) and has acquired Authorised Nominated Body (ANB) to award internationally accredited professional Diplomas such as IWE, IWT etc., also acquired Authorised Nominated Body for Company Certification (ANBCC) to certify Industries as per ISO 3834. IIW-India also conducts its own welder certification programme, under National Welding Training & Certification Scheme (NWTCS) and AM-IIW Examination for ‘National Welding Engineer’ certification. Directorate General of Training (DGT), under the Ministry of Skill Development & Entrepreneurship (Govt. of India), has empanelled IIW-India as an “Assessing Body” for MES courses under Skill Development Initiative (SDI) Scheme for welding courses under Fabrication Sectors in all States and Union Territories in India. Similarly, IIW-India is also empanelled by NSDC as the “Assessing Body” for Certification of welders under PMKVY schemes under various Sector Skill Councils. Also, the Institute supports industry through upskilling of Welders and Welding Engineers with tailor-made certification programmes.

ABOUT THE THEME AND THE CONGRESS
The Theme ‘Advancement towards Sustainable and Green Welding’ is extremely the need of the hour. Though the welding technology has undergone a phenomenal change over the last five decades, the atmosphere or our environment is still under severe risk through the welding activities, including global warming. To overcome the situation we need Green Welding, i.e., the process with less hazardous fumes and gases. This Congress will provide a dynamic forum for professionals from industries, academia and research institutes to share and enhance the latest knowledge in Welding Science & Technology, to save our environment and to make local industries globally competitive. It will also promote regional cooperation by actively involving neighboring countries. The International Congress 2024 will also offer a platform for Young Professionals in the field of welding by having an exclusive Young Professionals’ International Conference.
INVITATION TO AUTHORS

Welding technologists, scientists and professionals who are interested in presenting their original work and experience as technical papers in the Seminar are requested to send their abstract(s) of the paper(s), in any one of the suggested theme topics.

TOPICS TO BE DISCUSSED

- Advanced Welding and Cutting Processes
- Advanced Welding and Cutting Processes
- Additive Manufacturing and Smart Fabrication Technologies.
- Advancement in Green Welding.
- Advances in Welding Fabrication Techniques and Productivity Design and Manufacturing of Welded Components.
- Welding Design, Fabrication, Automation and Simulations.
- Micro and Nano Joining Processes
- Industry 4.0, Internet of Things (IOT), its applications and benefits to Welding & Manufacturing Industry
- Skill Development, training and education in Welding.

IMPORTANT DEADLINES FOR TECHNICAL PAPER

- Acceptance of Abstract: 30 November 2023
- Receipt of Full Manuscripts: 20 December 2023
- Receipt of Abstract: 15 November 2023

Abstract and Full texts to be sent to ic2024technical@gmail.com

ABOUT BENGALURU
Bengaluru, also spelled Bengalooru, formerly Bangalore city, capital (since 1830) of Karnataka state, southern India. Bengaluru is fondly known as the Silicon Valley of India. The city is also the research and manufacturing hub of southern India for industries like machine tools, defence and aerospace.

ABOUT BIEC
The Bangalore International Exhibition Centre (BIEC) is India’s largest and most sophisticated destination for exhibitions, meetings & events. Spread across a 57-acre lush countryside, BIEC features 77,200sqm of premium exhibition space & 5600sqm of state-of-the-art conferencing facilities for up to 15,000 persons.
